CORPORATE TAX RATES

For 2017, if taxable income is:

Over	But not over	Flat amount	+	Of excess over
\$ 0	\$ 50,000	\$ 0	15%	\$ 0
50,000	75,000	7,500	25%	50,000
75,000	100,000	13,750	34%	75,000
100,000	335,000	22,250	39%	100,000
335,000	10,000,000	113,900	34%	335,000
10,000,000	15,000,000	3,400,000	35%	10,000,000
15,000,000	18,333,333	5,150,000	38%	15,000,000
18,333,333		6,416,667	35%	18,333,333

For 2018, all taxable income is taxed at a flat rate of 21%.

ALTERNATIVE MINIMUM TAX

Taxpayers are subject to an "alternative minimum tax" (AMT) instead of the regular income tax when they have substantial "preference income." This is income that is treated favorably under the regular income tax. Basically, the taxpayer must pay whichever tax is higher—the regular tax or the AMT.

Filing Status	2017 Exemption	2018 Exemption
Single or head of household	\$54,300	\$70,300
Married filing jointly	\$84,500	\$109,400
Married filing separately	\$42,250	\$54,700

The exemption amounts are phased out for higher-income taxpayers. The income thresholds are:

Married filing jointly - \$1,000,000
All other taxpayers - \$500,000

AMT Income in Excess of Exemption 2017 / 2018	AMT Rate
First \$187,800 / \$191,500*	26%
Above \$187,800 / \$191,500	28%

*\$93,900 / \$95,750 for married persons filing separately

KIDDIE TAX (UNDER AGE 19 WITH UNEARNED INCOME)

2017 Income Taxation		
First	\$1,050	No Tax
Next	\$1,050	Child's Bracket
Amounts Over	\$2,100	Parent's Bracket

In 2018, the "kiddie tax" on net unearned income is determined based on the ordinary and capital gains tax rates that apply to trusts and estates. See the Trusts and Estates Chart on page 3. The kiddie tax applies to:

a) a child under age 18; b) a child age 18 whose earned income does not exceed one-half of his or her support; or c) a child age 19-23 whose earned income does not exceed one-half of his or her support, and who is a full-time student. Furthermore, the child does not file a joint income tax return and has at least one living parent at the end of the tax year.

INCOME TAXATION OF SOCIAL SECURITY BENEFITS

Retired taxpayers with incomes over certain threshold amounts are subject to income tax on their Social Security retirement benefits. The special tax base for determining whether a taxpayer's benefits are subject to tax equals one-half of Social Security benefits, plus all other income, including tax-exempt income.

Filing Status	Tax Base	% of Benefits Taxed
Single or head of household	\$25,000 - \$34,000	50%
	Over \$34,000	85%
Married filing jointly	\$32,000 - \$44,000	50%
	Over \$44,000	85%
Married filing separately	Depends on whether the spouses live together during the tax year	

For example, a married couple filing jointly has an adjusted gross income of \$30,000, tax-exempt interest of \$3,000, and receives \$24,000 in Social Security benefits. The special tax base for the couple equals \$45,000, and \$6,850 of the Social Security benefits are taxable (.50 x \$12,000 = \$6,000; .85 of \$1,000 = \$850; total \$6,850).

PERSONAL EXEMPTION

Amount - The personal exemption amount that a taxpayer may claim for himself or herself and each dependent is set at \$4,050 in 2017. For example, in 2017, a married couple with two dependent children files a joint tax return and claims four personal exemptions for a total of \$16,200. A taxpayer (usually a child) cannot claim a personal exemption if he or she can be claimed as a dependent by another (usually a parent).

Reduction of Personal Exemption Amount - Personal exemptions claimed in 2017 must be reduced by 2% for each \$2,500 (\$1,250 for married filing separately) or fraction thereof of AGI in excess of a certain amount. For 2017, the threshold AGI amounts are \$313,800 for married persons filing jointly, \$287,650 for heads of households, \$261,500 for singles, and \$156,900 for married persons filing separately.

Elimination - Beginning in 2018, personal exemptions are no longer allowed.

STANDARD DEDUCTION

Amount - The standard deduction is a flat amount that a taxpayer may deduct in lieu of itemizing deductions. The standard deduction amount for each taxpayer category is:

<u>Taxpayer Status</u>	<u>2017</u>	<u>2018</u>
Single	\$6,350	\$12,000
Married filing jointly	\$12,700	\$24,000
Head of household	\$9,350	\$18,000
Married filing separately	\$6,350	\$12,000

Age 65 or Blind - Taxpayers who are age 65 or over, or who are blind, may take an additional standard deduction (provided they do not itemize). In 2017, the additional standard deduction amount is \$1,250 if married or \$1,550 if the person is unmarried or not a surviving spouse. In 2018, the additional standard deduction amount is \$1,300 if married or \$1,600 if the person is unmarried or not a surviving spouse.

Dependents - Taxpayers (usually children) who are claimed as dependents on another's (usually parents') tax return may only take a limited standard deduction. In 2017, the deduction amount cannot exceed the greater of (1) \$1,050 or (2) \$350 plus earned income (up to the regular standard deduction amount).

In 2018, this deduction is not allowed. Instead, the child tax credit is increased to \$2,000 per child under age 18. A \$500 credit is allowed for other dependents. The \$2,000 child credit is refundable up to \$1,400, but the \$500 credit for other dependents is nonrefundable.

ITEMIZED DEDUCTIONS - 2017

Interest Expense - Most personal interest paid is not deductible, with certain important exceptions:

<u>Deductible</u>	<u>Not Deductible</u>
1. Mortgage interest on one or two residences up to \$1,000,000 of indebtedness	1. Auto loan interest
2. Points on home mortgages	2. Credit card interest
3. Home equity loan interest up to \$100,000 of indebtedness	3. Most other consumer loan interest
4. Business interest	4. Prepaid interest other than points on home mortgages
5. Investment interest up to net investment income	

State and Local Taxes - Itemizers may deduct either state and local income taxes, or state and local sales taxes. Also, itemizers may deduct state and local real property taxes and personal property taxes. However, tax-payers may not deduct state and local taxes in calculating the AMT unless they are deductible in computing adjusted gross income ("above the line" deductions, not itemized).

Medical and Dental Expenses - Expenses paid for nearly all medical, dental and vision care during the year, and not reimbursed by insurance or other means, are deductible by itemizers to the extent that the total of such expenses exceeds 7.5% of AGI in 2017.

Losses - Individuals can deduct three basic types of losses: 1) business losses incurred in the taxpayer's unincorporated business, 2) investment losses if the investment was originally motivated by profit, and 3) casualty and theft losses, but each separate loss is reduced by \$100, and the total of such losses is only deductible to the extent it exceeds 10% of AGI in 2017.

Reduction of Itemized Deductions - Itemized deductions claimed in 2017 must be reduced by 3% of AGI in excess of a certain amount based upon the taxpayer's income tax filing status, and the maximum reduction is 80%. The AGI threshold amounts for 2017 are \$313,800 for married persons filing jointly, \$287,650 for heads of households, \$261,500 for singles, and \$156,900 for married persons filing separately.

ITEMIZED DEDUCTIONS - 2018

Interest Expense - Most personal interest paid is not deductible, with certain important exceptions:

Deductible	Not Deductible
1. Mortgage interest on one or two residences up to \$750,000 of indebtedness (applies only to new mortgages taken out after December 15, 2017; older mortgages remained tied to the \$1,000,000 cap)	1. Auto loan interest
2. Points on home mortgages	2. Credit card interest
3. Business interest	3. Home equity loan interest
4. Investment interest up to net investment income	4. Most other consumer loan interest
	5. Prepaid interest other than points on home mortgages

Beginning in 2018, all miscellaneous deductions subject to the 2% floor under IRC §67 are repealed.

State and Local Taxes - Itemizers may deduct either state and local income taxes, or state and local sales taxes. Also, itemizers may deduct state and local real property taxes and personal property taxes. The combined deduction for state property and income taxes is capped at \$10,000 in 2018. Taxpayers may not deduct state and local taxes in calculating the AMT unless they are deductible in computing adjusted gross income ("above-the-line" deductions, not itemized).

Medical and Dental Expenses - Expenses paid for nearly all medical, dental and vision care during the year, and not reimbursed by insurance or other means, are deductible by itemizers to the extent that the total of such expenses exceeds 7.5% of AGI.

Losses - Individuals can deduct two basic types of losses: 1) business losses incurred in the taxpayer's unincorporated business, or 2) investment losses if the investment was originally motivated by profit. Beginning in 2018, casualty and theft losses are not deductible except for declared national disasters.

Reduction of Itemized Deductions (Pease Limitation) - Repealed

DEDUCTION FOR QUALIFIED BUSINESS INCOME

In 2017, owners of pass-through entities (sole proprietorships, S corporations, limited liability companies (LLCs) or partnerships) are generally taxed on business income directly at their individual income tax rates (with applicable individual standard deductions).

In 2018, owners of pass-through entities are taxed on business income at their individual income tax rates, but may claim a 20% deduction of their share of the business income—even if they elect to use the standard deduction instead of itemizing. A number of "specified service trades or businesses" do not qualify for the deduction.

CAPITAL GAINS AND DIVIDENDS

Maximum Tax Rate on Long-Term Capital Gains and Most Corporate Dividends - In 2017, the tax rate is 15% for most individual taxpayers, but 0% for taxpayers in the lower two tax brackets and 20% for taxpayers in the top 39.6% bracket. In 2018, the same three tax rates are applied, but at thresholds which do not coincide with particular tax brackets:

- The 0% rate applies to single filers with income up to \$38,600 (\$77,200 for joint filers).
- The 15% rate applies to single filers with income from \$38,601 to \$425,800 (\$77,201 to \$479,000 for joint filers).
- The 20% rate applies to single filers with income above \$425,800 (\$479,000 for joint filers).

Holding Period - The long-term rate generally applies to gains on the sale of capital assets held for more than one year.

Short-Term Capital Gains - Net short-term capital gains (on sales of capital assets held for one year or less) are taxed at ordinary income rates.

Collectibles - Long-term capital gain from the sale of collectibles is taxed at a top rate of 28%.

CAPITAL GAINS AND DIVIDENDS (cont.)

Capital Losses - After capital gains and losses are netted against one another, any remaining net capital loss may be used to offset ordinary income up to \$3,000 per year. Any excess net capital loss may be carried over and used in future years.

Sale of a Principal Residence - A seller of any age who has owned and used real property as a principal residence for at least two of the last five years can exclude from gross income up to \$250,000 (\$500,000 if married filing jointly) of gain realized on a sale.

Additional Tax on High-Income Taxpayers - In 2017 and 2018, individuals with more than \$200,000 in income (\$250,000 for a married couple filing jointly), who also have investment income, will pay an additional tax of 3.8% on net investment income or the excess of modified adjusted gross income over the threshold amount (whichever amount is less). Investment income is defined as the sum of gross income from items such as interest, dividends, annuities, royalties, and rents, as well as net gain attributable to the disposition of property (i.e., capital gains).

DEDUCTION FOR CONTRIBUTIONS TO PUBLIC CHARITIES

Type of Property Contributed	Deemed Amount of Contribution	Percentage Limitation ¹ 2017	Percentage Limitation ¹ 2018
Cash	Actual dollar amount	50%	60%
Appreciated ordinary income property ² or appreciated short-term capital gain property ³	Donor's tax basis	50%	50%
Appreciated long-term capital gain property ⁴			
(a) General rule	Fair market value	30%	30%
(b) Election made to reduce amount of contribution	Donor's tax basis	50%	50%
(c) Tangible personal property put to unrelated use by donee charity	Donor's tax basis	50%	50%

1 The applicable "percentage limitation" applies to the donor's contribution base, which is the donor's adjusted gross income (AGI) determined without regard to any net operating loss carryback. The limitation is applied on an annual basis. Any deductible contributions that exceed the current year's limitations may be carried over and deducted in the five succeeding tax years, subject to the percentage limitations in those years.

2 "Ordinary income property" is property that would produce ordinary income if sold by the individual.

3 "Short-term capital gain property" is property that would produce short-term capital gain if sold by the individual.

4 "Long-term capital gain property" is property that would produce long-term capital gain if sold by the individual.

DOLLAR LIMITS FOR QUALIFIED RETIREMENT PLANS

	2017	2018
Defined Contribution Plans - Annual additions limit for defined contribution plans [IRC Sec. 415(c)]	\$54,000	\$55,000
Defined Benefit Plans - Annual benefit limit for defined benefit plans [IRC Sec. 415(b)]	\$215,000	\$220,000
401(k) - Annual limit on deferrals [IRC Sec. 402(g)]	\$18,000	\$18,500
Plus: age 50+ catch-up	\$6,000	\$6,000
403(b) - Annual limit on deferrals [IRC Sec. 402(g)]	\$18,000	\$18,500
Plus: age 50+ catch-up	\$6,000	\$6,000
Salary Reduction SEPs (SARSEPs) - Annual limit on elective deferral [IRC Sec. 402(g)]	\$18,000	\$18,500
Plus: age 50+ catch-up	\$6,000	\$6,000
Annual Limit On Elective Deferrals to 457 Plans - [IRC Sec. 457(b)(2)(c)(1)]	\$18,000	\$18,500
Plus: age 50+ catch-up	\$6,000	\$6,000
Maximum Annual Compensation - Amount of employee compensation that may be taken into account by plan formula (QRPs, 403(b), SEPs) [IRC Sec. 401(a)(17)]	\$270,000	\$275,000
Nondiscrimination Rules - For "highly compensated employees" [IRC Sec. 414(q)(1)]	\$120,000	\$120,000
Annual Compensation Subject to SEP Discrimination Rules - [IRC Sec. 408(k)(3)(c)]	\$270,000	\$275,000
Compensation Threshold for SEP Participation - [IRC Sec. 408(k)(2)(c)]	\$600	\$600
Annual Limit on Elective Deferrals to SIMPLE Plans - [IRC Sec. 408(p)]	\$12,500	\$12,500
Plus: age 50+ catch-up	\$3,000	\$3,000

INDIVIDUAL RETIREMENT ACCOUNTS

Traditional IRA

Contribution Limit - In 2017 and 2018, the lesser of \$5,500 (\$6,500 for taxpayers age 50+) or earned income.

Deduction Limit on Qualified Retirement Plan Participants

- Taxpayers who do not participate in qualified retirement plans can deduct contributions to an IRA.
- Taxpayers who do participate in qualified retirement plans may be subject to a reduced deduction based on modified adjusted gross income (MAGI).
- In 2017, the MAGI phase-out of the deduction for single taxpayers begins at \$62,000 and the deduction is lost at \$72,000. The MAGI phase-out of the deduction for married taxpayers filing jointly begins at \$99,000 and the deduction is lost at \$119,000. In 2018, the MAGI phase-out of the deduction for single taxpayers begins at \$63,000 and the deduction is lost at \$73,000. The MAGI phase-out of the deduction for married taxpayers filing jointly begins at \$101,000 and the deduction is lost at \$121,000.

INDIVIDUAL RETIREMENT ACCOUNTS

Roth IRA

Contribution Limit - In 2017 and 2018, the lesser of \$5,500 (\$6,500 for taxpayers age 50+) or earned income.

Contribution Limit Based on Modified Adjusted Gross Income - In 2017 and 2018, the amount taxpayers can contribute to a Roth IRA is subject to a MAGI phase-out.

- In 2017, the MAGI phase-out on Roth IRA contributions by single taxpayers begins at \$118,000 and no contribution is permitted if MAGI is \$133,000 or more. The MAGI phase-out on Roth IRA contributions for married taxpayers filing jointly begins at \$186,000 and no contribution is permitted if MAGI is \$196,000 or more.
- In 2018, the MAGI phase-out on Roth IRA contributions by single taxpayers begins at \$120,000 and no contribution is permitted if MAGI is \$135,000 or more. The MAGI phase-out on Roth IRA contributions for married taxpayers filing jointly begins at \$189,000 and no contribution is permitted if MAGI is \$199,000 or more.

Deduction Limit - There is no deduction for a contribution to a Roth IRA.

REQUIRED MINIMUM DISTRIBUTIONS: UNIFORM LIFE TABLE

The Uniform Life Table is used to calculate lifetime required minimum distributions (RMDs) from qualified retirement plans, including 401(k) and 403(b) plans, and IRAs. To use this table, owners must be:

- Unmarried
- Married with a spouse who is not more than ten years younger
- Married with a spouse is not the sole beneficiary of the account

Married owners whose spouse is more than 10 years younger determine the appropriate life expectancy using the Joint and Last Survivor Table.

For every "distribution calendar year" (a calendar year for which a minimum distribution is required), find (1) the account balance on December 31st of the preceding year, (2) the account owner's age on his or her birthday in the distribution calendar year, and (3) the divisor that corresponds to that age in the year of the distribution for the Uniform Lifetime Table. The RMD for the distribution calendar year is (1) divided by (3).

IRAs funded with annuities may have additional benefits that need to be included when calculating RMD payments.

Age	Factor	Age	Factor	Age	Factor
70	27.4	85	14.8	100	6.3
71	26.5	86	14.1	101	5.9
72	25.6	87	13.4	102	5.5
73	24.7	88	12.7	103	5.2
74	23.8	89	12.0	104	4.9
75	22.9	90	11.4	105	4.5
76	22.0	91	10.8	106	4.2
77	21.2	92	10.2	107	3.9
78	20.3	93	9.6	108	3.7
79	19.5	94	9.1	109	3.4
80	18.7	95	8.6	110	3.1
81	17.9	96	8.1	111	2.9
82	17.1	97	7.6	112	2.6
83	16.3	98	7.1	113	2.4
84	15.5	99	6.7	114	2.1
				115+	1.9

REQUIRED MINIMUM DISTRIBUTIONS: SINGLE LIFE EXPECTANCY TABLE

The following section concerns the RMD for individuals who inherit accounts. The required beginning date (RBD) is the date on which the owner has to begin taking distributions from a qualified retirement plan (age 70½).

When the owner dies BEFORE reaching the RBD

If the owner dies before reaching the RBD for taking required minimum distributions (RMDs), and there is a designated beneficiary, use the designated beneficiary's life expectancy as calculated by using his or her age in the year following the year of the owner's death, and reduce by one for each passing year. But, if there is no designated beneficiary, the entire interest must be paid out by the end of the year marked by the fifth anniversary of the owner's death.

When the owner dies AFTER reaching the RBD

If there is a designated beneficiary, there are two options for taking RMDs after the owner's death:

- Use the life expectancy method using the designated beneficiary's life expectancy (as described above), or
- Use the deceased owner's remaining life expectancy at death based on his or her age in the year of death, and reduced by one for each year thereafter.

If there is no designated beneficiary, the only distribution period available is based on the deceased owner's life expectancy in the year of death, and reduced by one for each year thereafter.

Options for the Surviving Spouse as Sole Beneficiary

The spouse may elect to treat the account as his or her own IRA.

In the event the owner dies before reaching the RBD, the spouse may defer payments until the year the deceased owner would have reached age 70½. Thereafter, RMDs are calculated based upon the spouse's life expectancy.

In the event the owner dies after the RBD, the spouse must take the deceased owner's RMD for the year of death (if the owner dies before taking the distribution). And, starting in the year after the owner's year of death, the spouse takes RMDs based on his or her life expectancy. OR, the spouse could choose to take a lump sum or distributions of varying amounts over time (as long as all funds are distributed within five years).

Age	Factor	Age	Factor	Age	Factor	Age	Factor	Age	Factor	Age	Factor
0	82.4	19	64.0	38	45.6	57	27.9	76	12.7	95	4.1
